VOLUNTARY ACTION

**No computer? No internet?
Then maybe Access is for you?**

Would you like to learn how to use a computer in an informal and friendly environment where you can learn at your own pace?

The Access Project provides computer and internet access, where you can learn how to use a computer and the internet in small groups with one-to-one support, as needed.

Call Steve Wass at Ashfield Voluntary Action on 01623 784 345.

Did you know that 1 in 4 adults have never used the Internet in the UK?

Did you know a third of households in the UK don't have the Internet?

People without a computer or access to the internet are in the poorest socio-economic groups.

Are you fed up of, 'more information is available online at...' or, 'see our webpage at...'
