You **do not** need to wait for your letter to book your appointment – please book straight away if you are in this age group.

We are writing to everyone eligible which is approximately 80,000 people locally over the next seven days. We will also send a text message where possible as well.

Do I need to bring my letter to the appointment?

No, but we ask that everyone observes the guidance when booking their appointment. If you are not eligible for your vaccine yet, please do not book in for your Covid-19 vaccination appointment.
