- Are you concerned about your risk of diabetes?
- Join us for a day of free health checks aboard our Mobile Screening Van
- What to expect:
  - Finger prick blood sampling for early signs of diabetes risk
  - Blood pressure checks
  - BMI Checks
  - Lipid Testing

Early diagnosis of diabetes can save lives, prevent a medical emergency and reduce the risk of long-term health complications – such as sight loss.

Our team of healthcare professionals will be on hand to provide personalised advice and answer any questions you may have about diabetes prevention.

Once your tests are complete you will be given a health screening test result card and advice on what you need to do next.

Take control of your health and take the first step towards a healthier future!
